

1. **Pollution Prevention Information Network Grants: Request for Proposals 2006**

- a. **Reference Number:** 66.708
- b. **Eligible Applicants:** States, Tribes, and Intertribal Consortia.
- c. **Eligible Beneficiaries:** Any State, interstate, and local agency/organization/university, Federally-Recognized Indian Tribes, public nonprofit organization/institution, profit organization, business, private organization, and quasi-public nonprofit organization.
- d. **Summary:** Under the authority of the Pollution Prevention Act of 1990, approximately \$700,000 will be available to support grants to States, Tribes, and Intertribal Consortia in FY 2006 for programs to promote the use of successful source reduction techniques by businesses . These grants are intended to make available information about source reduction opportunities, often referred to as "pollution prevention".
- e. **Possible Grant Uses:** Providing technical assistance advice, assistance in developing plans for prevention activities, or providing training in pollution prevention techniques.
- f. **Closing Date:** Varies according to each EPA Regional Office and grant program.
- g. **Formula and Matching Requirements:** Organizations receiving pollution prevention grant funds are required to match Federal funds by at least 50 percent.
- h. **Link:**
http://www.federalgrantswire.com/pollution_prevention_grants_program.html

2. **Air Pollution Control Program Support**

- a. **Reference Number:** 66.001
- b. **Eligible Applicants:** State, Tribal, Municipal, Intermunicipal, and Interstate agencies.
- c. **Eligible Beneficiaries:** Municipalities, Intermunicipalities, States, Federally Recognized Indian Tribes, and Interstate and Intertribal agencies.
- d. **Summary:** To assist agencies in planning, developing, establishing, improving, and maintaining adequate programs for prevention and control of air pollution or implementation of national primary and secondary air quality standards.
- e. **Possible Grant Uses:** Provides funds to help states, locals and tribes to address the new standards for ozone and fine particulate matter - assessing transport and regional impacts, characterizing their air quality status, developing attainment plans, and implementing and assessing the effectiveness of control strategies. Strategies include regulation of stationary sources, mobile source emissions testing and trip reduction measures, participation in an interstate emissions trading program, and other innovative early reduction and voluntary measures at the local level. Funds will also go to state, local and Tribal governments to bolster their individual roles in regional efforts to reduce visibility-impairing regional haze.
- f. **Closing Date:** None

- g. **Formula and Matching Requirements:** State, Interstate, and Local programs may receive up to 60 percent Federal funding.
- h. **Link:**
http://www.federalgrantswire.com/air_pollution_control_program_support.html

3. Ozone Transport

- a. **Reference Number:** 66.033
- b. **Eligible Applicants:** An agency or commission designated by the Governors of the affected States, which is capable of recommending to those Governors plans for implementation of national primary and secondary ambient air quality standards and which includes representation from the States and the appropriate political subdivisions within the affected air quality control region.
- c. **Eligible Beneficiaries:** Municipalities, intermunicipalities, States, interstate agencies or commissions, and Federally recognized Indian tribes.
- d. **Summary:** To develop or recommend air quality implementation plans for air quality control regions designated pursuant to Section 106 (interstate pollution) or Section 111 (interstate ozone pollution) of the Clean Air Act of 1990.
- e. **Possible Grant Uses:** (as stated above)
- f. **Closing Date:** 60 days prior to the beginning of the budget period.
- g. **Formula and Matching Requirements:** The Administrator is authorized to pay for up to 2 years, and up to 100 % of the air quality planning program costs of an designated commission or interstate agency. After the initial 2-year period, the Administrator is authorized to make grants to such agency or such commission in amounts up to 3/5 of its air quality management plan costs.
- h. **Link:** http://www.federalgrantswire.com/ozone_transport.html

4. Senior Environmental Employment Program

- a. **Reference Number:** 66.508
- b. **Eligible Applicants:** Private, non-profit organizations designated by the Secretary of Labor under Title V of the Older Americans Act of 1965.
- c. **Eligible Beneficiaries:** Federal, State, and local environmental agencies and individuals 55 years old or older.
- d. **Summary:** To use the talents of Americans 55 years of age or older to provide technical assistance to Federal, State, and local environmental agencies for projects of pollution prevention, abatement and control.
- e. **Possible Grant Uses:** Conducting national non-agricultural pesticide surveys, providing review and monitoring support for the Import Car Program, monitoring the anti-fuel switching program, conducting research and general administrative and clerical tasks.
- f. **Closing Date:** None
- g. **Formula and Matching Requirements:** No matching funds required. Cost sharing has been waived.

- h. **Link:**
http://www.federalgrantswire.com/senior_environmental_employment_program.html
- i. ***Note:** Program may be useful to cities and municipalities in hiring retired DHEC and EPA employees for assistance in implementation of local emissions control plans.

5. Source Reduction Assistance

- a. **Reference Number:** 66.717
- b. **Eligible Applicants:** State governments, local governments, city or township governments, special district governments, federally-recognized tribal governments, interstate organizations, independent school district governments, State-controlled institutions of higher education, non-profit organizations other than institutions of higher education, community action agencies, and other organizations having 501(c)(3) status with the IRS, and private institutions of higher education.
- c. **Eligible Beneficiaries:** Any State, interstate, Federally- recognized Tribal government, local agency/organization/university, public nonprofit institutions, community groups, and the general public.
- d. **Summary:** To support source reduction efforts that seek to: a) promote pollution prevention technologies across all environmental media (i.e., air, water, and land), b) disseminate pollution prevention news, innovative technologies, and technical assistance, c) support State and local pollution prevention efforts, d) encourage and promote efforts that assist in the purchasing of environmentally preferable products and services, and e) reduce risks from and exposures to persistent bioaccumulative, and toxic chemicals through increased coordination among EPA national and regional programs.
- e. **Possible Grant Uses:** Marketing pollution prevention programs, funding existing pollution prevention programs, funding research into pollution prevention technologies.
- f. **Closing Date:** May 30, 2003 (listed as active and typically renews annually)
- g. **Formula and Matching Requirements:** Matching requirements may be required by EPA statute, regulation, or may be negotiated and agreed to between the applicant and the program office.
- h. **Link:** http://www.federalgrantswire.com/source_reduction_assistance.html

6. Surveys Studies, Investigations Demonstrations and Special Purpose Activities Relating to the Clean Air Act

- a. **Reference Number:** 66.034
- b. **Eligible Applicants:** State and local governments, universities and colleges, hospitals, and other public and private non-profit institutions.
- c. **Eligible Beneficiaries:** State and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, and other public and private nonprofit institutions.
- d. **Summary:** To support Surveys, Studies, Investigations, Demonstrations and Special Purpose assistance relating to the causes, effects (including health and

welfare effects), extent, prevention, and control of air pollution to include such topics as air quality, acid deposition, climate change, global programs, indoor environments, mobile source technology and community-driven approaches to transportation.

- e. **Possible Grant Uses:** Pilot transportation projects, studies into feasibility of proposed emission reduction projects.
- f. **Closing Date:** None
- g. **Formula and Matching Requirements:** None
- h. **Link:** http://www.federalgrantswire.com/source_reduction_assistance.html

7. Southeast Diesel Collaborative

- a. **Reference Number:** 66.034 (portion of)
- b. **Eligible Applicants:** States, Federally Recognized Indian Tribes and Tribal Consortia, local governments, international organizations, public and private universities and colleges, hospitals, laboratories, and other public or private nonprofit institutions.
- c. **Eligible Beneficiaries:** Not listed.
- d. **Summary:** Funds projects within the Region 4 states of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina and/or Tennessee, that will demonstrate effective emission control technologies and strategies, methods or approaches to reducing diesel emissions as part of the Southeast Diesel Collaborative.
- e. **Possible Grant Uses:** (as stated above)
- f. **Closing Date:** July 7, 2006 (Expired, but may renew)
- g. **Formula and Matching Requirements:** no statutory or regulatory match requirement under the Clean Air Act Section 103. However, please note that leveraging with added resources or funding will be considered as an evaluation criterion during the selection process
- h. **Link:** <http://www.epa.gov/region4/air/mobile/sedc-rfpfinal52306.pdf>

8. Surveys, Studies, Investigations and Special Purpose Grants within the Office of Research and Development

- a. **Reference Number:** 66.510
- b. **Eligible Applicants:** State and local governments, private universities and colleges, hospitals, non-profit institutions, and individuals.
- c. **Eligible Beneficiaries:** State and local governments, U.S. territories and possessions, public and private universities and colleges, hospitals, nonprofit institutions and individuals.
- d. **Summary:** To (1) support surveys, studies and investigations and special purpose assistance to determine the environmental effects of air quality, drinking water, water quality, hazardous waste, toxic substances, and pesticides; and (2) identify, develop, and demonstrate and effective pollution control techniques. Competitive RFAs (requests for applications) for grants in these areas are announced widely through the Federal Register, Internet, university and scientific organizations, among other mechanisms. Although the programs identified are the formal assistance programs that ORD funds,

there are periodic RFAs disseminated on other topics that are not part of the formal program. These new programs are also part of 66.510 but cannot be presently identified.

- e. **Possible Grant Uses:** Funds may be available to support activities including but not limited to experiments, surveys, studies, investigations, public education programs, and monitoring where authorized by specific statutes, in both science and engineering disciplines.
- f. **Closing Date:** January 18, 2007 at 4:00 pm
- g. **Formula and Matching Requirements:** None
- h. **Link:** http://www.epa.gov/ord/grants_funding/pdfs/06-21-06%20Final%20BAA%20Ongoing%20Submissions.pdf

9. Surveys, Studies, Investigations and Special Purpose Grants within the Office of the Administrator

- a. **Reference Number:** 66.610
- b. **Eligible Applicants:** Generally available to States, territories, Indian Tribes, and possessions of the U.S., public and private universities and colleges, hospitals, laboratories, other public or private non-profit institutions and individuals.
- c. **Eligible Beneficiaries:** State and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, other public and private nonprofit institutions and individuals.
- d. **Summary:** To support surveys, studies and investigations, and special purpose assistance associated with air quality, acid deposition, drinking water, water quality, hazardous waste, toxic substances, and pesticides; (2) to identify, develop and demonstrate necessary pollution control techniques; to prevent, reduce, and eliminate pollution; and (3) to evaluate the economic and social consequences of alternative strategies and mechanisms for use by those in economic, social, governmental, and environmental management positions.
- e. **Possible Grant Uses:** Support for environmental health information and analysis to State legislatures; support to build State capacity to reduce environmental hazards that may affect health and the environment; and support of environmental education training.
- f. **Closing Date:** Unsolicited proposals by May 15; competitive deadlines are found in Request for Applications or Request for Initial Proposals
- g. **Formula and Matching Requirements:** The amount of the cost share will be based on the mutuality of interest between the Government and the applicant. This requirement cannot be waived by EPA.
- h. **Link:** http://www.federalgrantswire.com/surveys_studies_investigations_and_special_purpose_grants_within_the_office_of_the_administrator.html
- i. ***Note:** Grant may be useful for situations in which zoning changes are necessary.

10. Environmental Policy and Innovations Grant

- a. **Reference Number:** 66.611

- b. **Eligible Applicants:** States, territories, Indian Tribes, public and private universities and colleges, hospitals, laboratories, other public or private non-profit institutions, and individuals.
- c. **Eligible Beneficiaries:** State and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, other public and private nonprofit institutions and individuals.
- d. **Summary:** (1) To support analyses, studies, evaluations, and conferences that lead to reduced pollutants generated and conservation of natural resources; (2) to encourage and promote stewardship programs that reflect "beyond compliance" behavior and offer incentives or rewards for superior environmental performance; (3) to improve economic information and analytic methods to support studies, surveys, analyses, evaluations, conferences, workshops, and demonstration projects of the benefits, costs and impacts of environmental programs; and (4) To improve economic information and analytic methods to support studies, surveys, analyses, evaluations, conferences, workshops, and demonstration projects of incentive-based and voluntary environmental management strategies and mechanisms.
- e. **Closing Date:** Unsolicited proposals by May 15; competitive deadlines are found in Request for Applications or Request for Initial Proposals
- f. **Possible Grant Uses:** State innovations, Smart Growth, and economic analysis, and economic analytical and statistical methods development.
- g. **Formula and Matching Requirements:** The amount of the cost share will be based on the mutuality of interest between the Government and the applicant. This requirement cannot be waived by EPA.
- h. **Link:**
http://www.federalgrantswire.com/environmental_policy_and_innovation_grants.html
- i. ***Note:** Grant may be useful for situations in which zoning changes are necessary.

11. Federal Transit Formula Act (for non-urbanized areas)

- a. **Reference Number:** 20.509
- b. **Eligible Applicants:** State agencies, local public bodies and agencies thereof, non-profit organizations, Indian Tribes, and operators of public transportation services, including intercity bus service, in rural and small urban areas.
- c. **Eligible Beneficiaries:** The general public, both users and nonusers, and private and public providers of public transportation in nonurbanized areas.
- d. **Summary:** To improve, initiate, or continue public transportation service in nonurbanized areas by providing financial assistance for operating and administrative expenses and for the acquisition, construction, and improvement of facilities and equipment. Also to provide technical assistance for rural transportation providers.
- e. **Possible Grant Uses:** Funding creation or continuation of bus system or car-pool program.
- f. **Closing Date:** As prescribed by the State agency designated to administer the Section 5311 program.

- g. **Formula and Matching Requirements:** The Federal share for eligible capital and project administration costs shall not exceed 80 percent of these costs; except projects designed specifically to increase the accessibility of public transportation to bicycles may be funded at 90 percent Federal share; vehicle related equipment required to comply with ADA or the Clean Air Act may be funded at 90 percent Federal match.
- h. **Link:**
http://www.federalgrantswire.com/environmental_policy_and_innovation_grants.html

12. Clean School Bus USA

- a. **Reference Number:** 66.036
- b. **Eligible Applicants:** Local and Federally Recognized Indian Tribal Governments, local and state governments, non-profit organizations. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.
- c. **Eligible Beneficiaries:** Local, Anyone/General Public.
- d. **Summary:** To support projects relating to necessary upgrades to diesel school bus fleets. CSBUSA is a national initiative to minimize children's exposure to diesel exhaust by reducing pollution from school buses. The program has three key elements: 1) reduce school bus idling; 2) retrofit 1991-2004 model year buses with devices that reduce pollution, and 3) replace pre-1990 buses with new, clean-technology buses.
- e. **Possible Grant Uses:** (as stated above)
- f. **Closing Date:** As stated in the request for applications (listed as Active).
- g. **Formula and Matching Requirements:** This program does not have a statutory formula. The match required for this program is set at a minimum of 5%.
- h. **Link:** http://www.federalgrantswire.com/clean_school_bus_usa.html

13. Community Action for a Renewed Environment (CARE) Program

- a. **Reference Number:** 66.035
- b. **Eligible Applicants:** Local, Public non-profit institution/organizations, Federally Recognized Indian Tribal Government, Native American Organizations, Private nonprofit institution/organization, Quasi-public nonprofit institution/organization, local government, colleges, universities, interstate and intrastate. For certain competitive funding opportunities under this CFDA description, the Agency may limit eligibility to compete to a number or subset of eligible applicants consistent with the Agency's Assistance Agreement Competition Policy.
- c. **Eligible Beneficiaries:** Local, public non-profit institution/organizations, Federally Recognized Indian Tribal Government, Sponsored organizations, Native American Organizations, Private nonprofit institutions/organizations,

quasi-public nonprofit institutions/organizations, and interstate and intrastate organizations.

- d. **Summary:** 1) To support analyses, studies, evaluations, surveys, investigations, conferences, demonstrations and special purpose projects which empower communities to reduce risks from exposures to toxic pollutants in the air, in the water, and on the land through collaborative action at the local level.
- e. **Possible Grant Uses:** Community meetings to discuss pollution reduction, implementation of car-pool program, research into pollution at a local level.
- f. **Closing Date:** Competitive deadlines are found in Request for Applications or Request for Initial Proposals
- g. **Formula and Matching Requirements:** The amount of cost share will be based on the mutuality of interest between the Government and the applicant. This requirement cannot be waived by EPA.
- h. **Link:** http://www.federalgrantswire.com/community_action_for_a_renewed_environment_care_program.html

14. Conferences, Workshops, and/or Meetings

- a. **Reference Number:** 66.510 (portion of)
- b. **Eligible Applicants:** Private institutions of higher education, state governments, Native American Tribal governments (federally recognized), city or township governments, non-profits having 501(c)(3) status with the IRS (other than institutions of higher education, Public and State controlled institutions of higher education, county governments.
- c. **Eligible Beneficiaries:** State and local governments, U.S. territories and possessions, public and private universities and colleges, hospitals, nonprofit institutions and individuals.
- d. **Summary:** EPA recently announced the availability of funds to assist with the planning and conducting of conferences, workshops, and/or meetings in the following areas (1) protecting, human health and safeguarding the natural environment; (2) advancing the scientific and technical research that promotes environmental protection; (3) exploring current and emerging issues of importance to environmental protection; and/or (4) encouraging collaboration among the nation's best scientists and engineers in academia, business and nonprofit research institutes.
Two types of awards: between \$5-25,000, and up to \$75,000.
- e. **Possible Grant Uses:** (as stated above)
- f. **Closing Date:** January 18, 2007.
- g. **Formula and Matching Requirements:**
- h. **Link:** <http://www.grants.gov/search/search.do?mode=VIEW&oppId=7638>

15. Innovation in Wood Stove Changeouts Study

- a. **Reference Number:** 66.034

- b. **Eligible Applicants:** States, local governments, territories, Indian Tribes, and possessions of the U.S., including the District of Columbia, international organizations, public and private universities and colleges, hospitals, laboratories, other public or private nonprofit institutions.
- c. **Eligible Beneficiaries:** State and local governments, U.S. territories and possessions, Indian Tribes, universities and colleges, hospitals, laboratories, and other public and private nonprofit institutions.
- d. **Summary:** Funds available for proposals that demonstrate innovative approaches to developing and supporting wood stove changeout programs across the country. Proposals should include a wood stove changeout campaign to carry out in a location of the applicant's choice, using a combination of grant dollars and their own funds, or funds from other sources, provide rebates, vouchers and in some cases free EPA-certified wood stoves (or other clean burning appliances such as a pellet stove or gas appliance) to qualified owners who are willing to surrender their non-certified wood burning appliance (wood stove or fireplace insert).
- e. **Possible Grant Uses:** (as stated above)
- f. **Closing Date:** August 21, 2006 at 4:00pm
- g. **Formula and Matching Requirements:** None
- h. **Link:** <http://www.epa.gov/oar/grants/06-09.pdf>

16. DOE Commercial Demonstration of an Integrated Biorefinery System

- a. **Reference Number:** 81.087
- b. **Eligible Applicants:** Unrestricted
- c. **Eligible Beneficiaries:** Profit organizations, private nonprofit institutions/organizations, intrastate, interstate, State and local agencies and universities will benefit.
- d. **Summary:** The Department of Energy (DOE), Office of Energy Efficiency and Renewable Energy (EERE) announces a funding opportunity for cooperative agreements from the Office of the Biomass Program. Approximately \$53 million is expected to be available in FY07 for new awards under this opportunity. Additional funding is expected to be available in FY08 and FY09. In total, approximately \$160 million over three years is expected to be available for new awards under this opportunity. This FOA requests applications to design, construct, build and operate an integrated biorefinery employing lignocellulosic feedstocks for the production of combinations of (i) liquid transportation fuels; (ii) biobased chemicals; (iii) substitutes for petroleum-based feedstocks and products; and (iv) energy in the form of electricity or useful heat.
- e. **Possible Grant Uses:** (as stated above)
- f. **Closing Date:** Begins July 9, 2006. Applications due August 10, 2006.
- g. **Formula and Matching Requirements:** No statutory formula, but cost-sharing is encouraged.
- h. **Link:** <http://grants.gov/search/search.do?mode=VIEW&oppId=8124>

17. SCDOT Transportation Enhancement Program

- a. **Reference Number:** N/A
- b. **Eligible Applicants:** Official government bodies (city, county, or state) with the legislative authority to carry out and maintain the proposed project.
- c. **Eligible Beneficiaries:** Not listed.
- d. **Summary:** The program facilitates and provides a greater opportunity for local governments to collaborate with the agency to pursue a broad range of non-traditional transportation related activities such as bicycle and pedestrian facilities, streetscaping, scenic and landscaping programs, and historic preservation. The intent of this grant is reduce traffic congestion and pollution, beautify the area through landscape architecture and lower pedestrian and bicycle injuries.
- e. **Possible Grant Uses:** Preserving railway corridors and converting them to bike paths, creating trails, boat landing projects or a marina.
- f. **Closing Date:** None given
- g. **Matching Requirements:** 20%
- h. **Link:** http://www.dot.state.sc.us/community/tep_app.shtml
<http://www.dot.state.sc.us/community/tep.shtml>

18. Ben & Jerry's Foundation

- a. **Reference Number:** N/A
- b. **Eligible Applicants:** Non-profits grassroots, constituent-led organizations. Does not fund discretionary or emergency requests, colleges or universities, individuals or scholarships programs, research projects, state agencies, or social service programs.
- c. **Eligible Beneficiaries:** Not listed.
- d. **Summary:** The Ben & Jerry's Foundation offers competitive grants to not-for profit, grassroots organizations throughout the United States which facilitates progressive social change by addressing the underlying conditions of societal and environmental problems.
- e. **Possible Grant Uses:** Creating car-pool organization, fund group to create and maintain bike trails, fund group to plant trees.
- f. **Closing Date:** None (grants reviewed three time per year)
- g. **Formula and Matching Requirements:** N/A
- h. **Link:** <http://www.benjerry.com/foundation/guidelines.html#deadlines>
- i. **Grants from \$1001-\$15000**

19. Captain Planet Foundation

- a. **Reference Number:** N/A
- b. **Eligible Applicants:** Schools and Non-Profits
- c. **Eligible Beneficiaries:** Not listed.
- d. **Summary:** The Captain Planet Foundation funds hands-on environmental projects to encourage youth around the world to work individually and collectively to solve environmental problems in their neighborhoods and communities. Maximum Award: \$2500.

- e. **Possible Grant Uses:** Fund pollution education programs and environmental projects in schools.
- f. **Closing Date:** March 31, June 30, September 30, December 31.
- g. **Formula and Matching Requirements:** N/A
- h. **Link:** <http://www.captainplanetfdn.org/>

20. The Laura Jane Musser Fund

- a. **Reference Number:** N/A
- b. **Eligible Applicants:** Public or non-profit entities
- c. **Eligible Beneficiaries:** Not listed.
- d. **Summary:** To assist public or not-for-profit entities to initiate or implement projects in rural areas to undertake consensus-based activities in environmental stewardship or to support dispute resolution.
- e. **Possible Grant Uses:** Implementation of community-wide pollution reduction programs such as car-pooling programs, energy-reduction programs, and creation of bike trails.
- f. **Closing Date:** September 5, 2006
- g. **Formula and Matching Requirements:** N/A
- h. **Link:** <http://www.musserfund.org/environmental.htm>

21. Michelin North America Innovation & Cooperation Grants

- a. **Reference Number:** N/A
- b. **Eligible Applicants:** South Carolina non-profit organizations and local governments
- c. **Eligible Beneficiaries:** Not listed.
- d. **Summary:** Each year, grants of \$2,000 are given to five South Carolina non-profit organizations or local governments for sponsoring a project in one of three program areas. (1) Environmental Conservation projects that involve land or water conservation or enhanced environmental quality in the Palmetto State.
- e. **Possible Grant Uses:** Marketing projects aimed at pollution reduction, creation of bike trails to reduce traffic, conduct surveys of pollution given areas.
- f. **Closing Date:** By March 15 of each year
- g. **Matching Requirements:** N/A
- h. **Link:** <http://palmettoconservation.org/index.php?action=website-view&WebSiteID=127&WebPageID=7526>

Other Environmental Grants

The Energy Foundation: Transportation and Climate Programs

The Energy Foundation
1012 Torney Avenue #1
San Francisco, CA 94129
(415) 561-6700

energyfund@ef.org

Deadline: Ongoing *Amount: Unspecified*

The Transportation Program makes grants in advanced vehicles to reduce vehicle greenhouse gas emissions through national policies; promote advanced-technology vehicles and greenhouse gas reduction programs in California, building on California's unique regulatory authority over vehicle emissions; and promote similar state-level policies outside of California. The policy and education efforts supported by the climate program are expressly focused on mitigating global warming. Potential areas of work include: state and regional carbon cap-and-trade programs; state and regional greenhouse gas plans and targets; financial mechanisms like incentives or carbon taxes; and other direct controls to reduce global warming pollution.

http://www.ef.org/app_guidelines.cfm

Ford Motor Company Fund

P.O. Box 1899
Dearborn, MI 48121-1899

Deadline: Ongoing *Amount: Unspecified*

Ford Motor Company Fund makes awards in five categories: education, environment, public policy, health & social programs, civic affairs & community development, and arts & humanities. <http://www.ford.com/en/goodWorks/fundingAndGrants/default.htm>

Boeing Charitable Grant

cybergrantsfeedback@boeing.com

Community Relations
The Boeing Company
P.O. Box 4489

M/C CCHA-0080
Charleston AFB, South Carolina 29404
(843) 740-7531

Deadline: Ongoing *Amount: Unspecified*

Our company contributions program welcomes applications in five major areas: education, health and human services, arts and culture, civic and environment. Boeing accepts applications for not only cash grants (see guidelines below for each area), but also for in-kind donations and services.

http://www.boeing.com/companyoffices/aboutus/community/ecf_apply_other.html

The Community Foundation

Letters of Inquiry should be sent to:
90 Mary Street

Charleston, SC 29403

(843)723-3635

Deadline: multiple Amount: \$500 - \$15,000

Area: Coastal SC

From Beaufort to Georgetown, CCF connects donors with nonprofits across eight coastal counties to improve life for everyone. http://www.ccfives.org/non_apply.html

General Motors Foundation

NOTE: GM no longer accepts paper requests and an on-line application must be used.

Deadline: Ongoing Amount: Unspecified

General Motors and the GM Foundation support a variety of activities in the communities where we do business. Our philanthropic and community relations mission is to insure that we maintain our leadership position as a valued, responsible corporate citizen by enhancing the quality of life in our communities consistent with our business goals and objectives.

<http://www.gm.com/company/gmability/community/guidelines/index.html>

Wallace Global Fund

Letters of Inquiry should be sent to:

1990 M Street, NW, Suite 250

Washington, DC 20036 USA

(202)452-1530

fax (202)452-0922

tkroll@wgf.org

Deadline: Ongoing Amount: \$2,000-\$400,000, \$50,000 average

The Fund seeks initiatives which minimize the risks that current levels of production and consumption pose to the health of people and ecosystems around the world; integrate environmental objectives into public and private economic and policy decisions; strengthen civil society participation in economic and environmental governance; and improve or enforce protection of key environmental resources and biodiversity.

Program areas include strengthening efforts to reduce greenhouse gas emissions, and promoting environmentally sound renewable energy sources versus fossil fuels and nuclear power. <http://www.wgf.org>

Jessie Smith Noyes Foundation

Letters of Inquiry should be sent to:

6 East 39th Street, 12th Floor

New York, NY 10016

Fax: 212-689-6549

noyes@noyes.org

Deadline: Ongoing Amount: Unspecified

Our funding priorities are shaped by a view of the Earth as one community, an interconnected web of life in which human society is an integral part. The Foundation supports organizations, primarily at the state and regional levels, that promote initiatives

and public policies that reduce the use of toxins and hold corporations accountable for their impact on the environment.

EE-Link Grants Page

Includes a listing of organizations that provide funding for environmental education. Also includes a searchable database of grant making foundations and organizations. Probably the most comprehensive site for EE grants on the internet. For a listing of grants, please visit <http://eelink.net/grants-eespecificresources.html> . A searchable database is also available at <http://eelink.net/grantsearch-multisitesearch.html> .
